

Vitamin E (Tocopherol)

For use in Multivitamin premixes
for food and Nutraceuticals

VITAMIN E AT A GLANCE

- **ROLE:** Acts as an antioxidant, protecting cells from damage.
- **BENEFITS:** Supports immune function, skin health, eye health, and heart health.
- **NATURAL SOURCES:** Found in vegetable oils, nuts, seeds, green leafy vegetables, and fortified foods.
- **DAILY NEED:** Adults typically need about 10 mg /day for Male & 8 mg/day for Female.

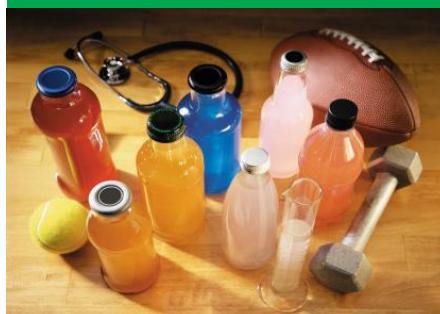

Q-line Nutraceuticals leverages its expertise in formulating fat-soluble vitamins to offer various forms of Vitamin E suitable for supplements and food fortification. Our spray-dried powder and quick-dispersible granules offers excellent uniformity and stability in various applications.

***Enhanced Bioavailability:** We Develop formulations that increase the bioavailability of Vitamin E, ensuring that the body can absorb and utilize it more efficiently.*

Nutritional Supplements

Sports Drinks

Food/Beverages
