

Vitamin K₂

(Menaquinone-MK7)

For use in Multivitamin premixes
for food and Nutraceuticals

VITAMIN K₂ AT A GLANCE

- **ROLE:** Essential for blood clotting, bone & Heart health.
- **BENEFITS:** Plays a crucial role in synthesizing proteins needed for blood coagulation and bone metabolism.
- **NATURAL SOURCES:** Found in animal products and fermented foods.
- **DAILY NEED:** Adults typically need about 90-120 mcg per day.

Q-line Nutraceuticals leverages its expertise in formulating fat-soluble vitamins to offer Vitamin K (K2) suitable for supplements and food fortification. Our spray-dried powder and quick-dispersible granules offers excellent uniformity and stability in various applications.

***Enhanced Bioavailability:** We Develop formulations that increase the bioavailability of Vitamin K2, ensuring that the body can absorb and utilize it more efficiently.*
